

ICHS Top Ten List

Our special residents who have been here a while and would love to find their forever home with you!

#1 AUBREY JEAN – AUGUST 2015 **Aubrey Jean** is one of those independent gals who insists on having things her way! She is a Torbie (tri-colored tortoise/tabby) and those of you who know your tri-colored female felines know that they can be a bit temperamental! She enjoys attention and being petted, but without warning, she will let you know that “enough is enough”! Aubrey spends her time in the kennel manager’s office where she has the freedom to come and go. Aubrey needs to be an only cat. If you are NOT interested in a lap cat or do NOT

want to spend a lot of time brushing/petting, etc. she just might be the kitty that YOU are looking for! ☺

#2 YUNA - JANUARY 2017 **Yuna** is a 4-5 year old beauty! She is a long-haired diluted Torti and she comes complete with the “torti-tude” (translated to mean that she is an independent lady). Yuna loves attention but she will let you know when she has had enough fun and for this reason a home without young children would be best. She lives with other cats and like the rest of the gang in The Catnip Lounge, she respects the other cats’ space and expects the same courtesy from the others. She plays, loves attention and enjoys (and needs) being brushed. Although Yuna is quite content here at ICBS, she would be even happier living at YOUR house! Just ask her!

#3 FUJI – JANUARY 2018 **Fuji** is a 2-3 year old Torti and is a “classic” Torti. She is beautiful, charming and independent! She loves people and loves to play. Fuji enjoys the luxury of living in one of the cat condos which is good because she is a very active and athletic cat. She can be a bit vocal which, of course, is to get YOUR attention. She also makes cute little chattering noises which add to her character. She is a sweet and charming kitty – but by describing her as a “classic” Torti, that would indicate that Fuji is all about Fuji! She will need to be an only cat and although she loves people, younger children will possibly not fit into Fuji’s lifestyle. Come and ‘experience’ Fuji today!

#4 ALTHEA APRIL 2018 **Althea** is a young “interesting” tabby. She prefers her solitude and so a quiet home is a necessity. She lives in the office and as comfy as the couch may be, as soon as someone that she doesn’t know walks into the office, she makes a ‘beeline’ for her cage. She likes attention from people that she knows, but she never relaxes because she is constantly on the lookout for “the unknown”. She will more than likely be a totally different cat once she settles into YOUR home, but that’s somewhat of a problem because it may take weeks before she will warm up to YOU. Although she can live with other cats she would prefer NOT to – being an only cat would be best. Althea probably is OK with her situation here at the shelter, but she needs a home!

#5 NALLA – MAY 2018 **Nalla** is a sweet “unassuming” cat that takes shelter life in stride. Her previous owner (3 kitties) moved and she was only allowed to have 2 pets at her new residence and so Nalla came to ICBS. Although very shy at first, she has adjusted well. She does well with other cats (having lived in both Larry’s Living Room and The Catnip Lounge). Nalla is about two years old. She enjoys attention and loves to be brushed. She seems not to get excited about much of anything which includes not showing enthusiasm when YOU come to visit. YOU will

have to seek her out, but if YOU are looking for a sweet kitty that will adjust quickly – look no further – Nalla is here waiting just for YOU!

ICHS Top Ten List

Our special residents who have been here a while and would love to find their forever home with you!

#6 DENNIS – OCTOBER 2018 Dennis doesn't quite look like his picture. He came in with hair loss and although he is healthy now, his hair never quite recovered. His kinky hair is soft and silky but sparse. When you look at Dennis you tend to see pink – pink facial tones and pink ears. His whiskers are barely present and his tail reminds me of a possum's tail. But...more important than his physical "quirkiness" is his wonderful personality. He is very social and outgoing. He loves to play but he also loves lap time. Dennis would do well in an active household and he is familiar with dogs; he is used for the dog evaluations here at the shelter and

he takes it all in stride. Come and meet this cool cat!

#7 HOLLIE – NOVEMBER 2018 Hollie is a petite five-year-old tabby. She knows what she likes and she likes things her way; she's a bit of a princess. Hollie is in need of a quiet home with no small children or other pets. Hollie can be a lap cat and she loves to play – if she feels like it. Mostly Hollie prefers to be in her "snooze position" however it must be kept in mind that there is not a lot for a princess to get excited about here at the shelter so it is not known what Hollie will be like once she is away from ICBS. She can be a bit of a "grump" sometimes – especially when something happens to get her out of her routine. Keep in mind, if you come to meet her, this will disrupt her routine so she may be grumpy with YOU! Patience required!

#8 MANASA – NOVEMBER 2018 Sweet Manasa is a year old and she has been here at the shelter all that time. She came here as a tiny kitten and it is time for this deserving sweetie to have a home. Her littermates were adopted relatively quickly but there was no interest in her because of her eye. You may have noticed that her right eye is a little cloudy. She had an infection when she was a baby, and when it cleared it left some scarring over her eye. She can see just fine – nothing to be concerned about! The concern is that people pass her by because of the cloudy eye. She lives in Larry's Living Room with other cats and gets along well, but she needs a home! Such a little

sweetheart!

#9 ANNIE – NOVEMBER 2018 Annie is a large three-year-old dilute Torti. She apparently doesn't realize that she is a Torti as she is so good-natured. She is very laid-back and takes everything in stride. She is the type of kitty that minds her own business and gets along well with other cats. In fact, she has a couple of boyfriends – her roommates Snowball and Alex. So, if you are looking for more than one kitty, Annie and either one of these guys (or both) are ready to move into your heart and home! Annie enjoys laps and attention and would love to get to know YOU! After meeting her, you will wonder why she is still here!

#10 DODGER, REGAN, SAUCY – DECEMBER 2018 These three youngsters are not litter mates, but they have a lot in common. They are about a year old and came to the shelter about the same time. By the time they made it into a foster home, the window of opportunity for socialization had closed and so they are not overly social. They are all shy and

although they seem to want attention, they don't quite know what to do with "attention". Saucy was adopted overnight a couple of months ago, but he was returned because he wasn't a "cuddler" (BTW Saucy was found in the dumpster at Pizza Hut which is how he got his name). Dodger is the shyest of the three and Regan is a beautiful young lady. The three live together in Chuck's Tree House. They are somewhat bonded but would not have to be adopted together (although it may go better for all concerned if they could go to the same home). They will need a QUIET home and a PATIENT family!
